

# ART MEETS SCIENCE FOR RESEARCH COMMUNICATIONS

Quality visuals and 3-D physical models can be powerful tools to help you communicate your research to a range of audiences. Please stop by to see examples on display, and learn more about existing and developing campus partnerships that can assist you with the art part of art meets science.

*This event is offered as a collaboration between the UC San Diego Research Communications Program and the UC San Diego Libraries Digital Media Lab. Light refreshments will be served.*

**Wednesday, May 30, 2018**

**1-3 pm Open House**

**NSB Atrium (open to all)**
